Highway Design And Traffic Safety
The National Highway Traffic Safety Administration (NHTSA, pronounced "NITS-uh") is an agency of
the Executive Branch of the U.S. government, part of the Department of Transportation. It describes
its mission as "Save lives, prevent injuries, reduce vehicle-related crashes." As part of its activities,
NHTSA is charged with writing and enforcing Federal Motor Vehicle Safety Standards as well as ...

The MassDOT Highway Division designs, constructs, maintains and operates the state's highways,
bridges and tunnels. We also assist cities and towns with their road and bridge needs to help ensure
that all people can travel safely and efficiently throughout the state.

Program (HSIP) The HSIP mission is to identify and fund highway safety projects that maximize lives
saved and injuries eliminated per dollar spent.

Road traffic safety - Wikipedia
Road traffic safety refers to the methods and measures used to prevent road users from being
killed or seriously injured. Typical road users include: pedestrians, cyclists, motorists, vehicle
passengers, horse-riders and passengers of on-road public transport (mainly buses and trams). Best-
practices in modern road safety strategy: The basic strategy of a Safe System approach is to ensure
that ...
